**** 2011 PA STATE HEALTH REQUIREMENTS ****

Please read Carefully - anyone WITHOUT the required forms listed below WILL NOT be permitted to enter the fair show grounds with your horses - NO EXEPTIONS !!!

The Pennsylvania Department of Agriculture (PDA) Bureau of Animal Health and Diagnostic Services would like to inform all exhibitors in Pennsylvania to the health requirements for animals shown at PDA-sponsored events for 2011:

1. All equine animals must be accompanied by a Certificate of Veterinary Inspection (CVI) issued by an accredited veterinarian. For in-state horses the CVI must be issued after May 1, 2011 and for out-of-state horses the CVI must be issued within 30 days of the opening date of the show.
2. A current rabies vaccination administered by a licensed veterinarian is required for equines. Either a rabies vaccination certificate or vaccination information included on the CVI form can be used as proof of rabies vaccination status.
3. All equine animals must have tested negative for Equine Infectious Anemia (EIA) by an official test within 12 months prior to the opening date of the exhibition. A copy of the official EIA test results must accompany each animal.
4. An "Animal Owner or Caretaker's Verification of Vet-Client-Patient Relationship" form must accompany each animal and be presented upon arrival at the show.
5. All animals must be free of infectious and contagious diseases.

This is not a complete listing of the animal health requirements for the 2011 show season but is simply a description of major changes. To view all the animal health requirements for PDA sponsored fairs for 2011 please visit our website at www.agriculture.state.pa.us.

Also, keep in mind that each individual fair has the authority to require animal health standards that go beyond the minimum standards required by the PA Department of Ag.

Health Rules for Horses

1. For every horse entering the fairgrounds, the exhibitors are required to show the required PA Dept. of Ag Health Requirement forms as listed above. These forms include: a CVI form, Certification of Rabies, Copy of a negative EIA/Coggins test, and an Animal Owner or Caretaker's Verification of Vet-Client-Patient Relationship (VCPR) form. [a copy of a VCPR form is included in this booklet]. This form must be turned in upon arrival on the Grange Fairgrounds.
2. No equine showing evidence of infectious, contagious, or parasitic diseases will be admitted to the show grounds.
3. Horses should be immunized to prevent contagious respiratory diseases not less than 15 days before the show. Exhibitors are advised to consult their veterinarian regarding proper conditioning and vaccination of their animals at least 30 days prior to the show.
